Cases by ZIP Code

Number of Cases

Rate by ZIP Code

Rate (Number of Cases per 100,000 pop)

**Note:** COVID-19 cases outside Columbus & Franklin County jurisdictions are not included in the map; for ZIP codes that cross into other jurisdictions and/or counties, the number of cases given may not represent all COVID-19 cases in that ZIP code. Additionally, for rate calculations, the entire population of each ZIP code is used. For ZIP codes that go beyond both jurisdictional boundaries, rates can be under-estimated and less reliable due to undercounts of numerator values.

Population data for rates are from the US Census Bureau, American Community Survey 2018 5-year estimates.
